To the members of this class their book means more than a mere record; in fact, it is a little part of each senior set down indelibly in type that they may draw forth their *Keystoner* ten, twenty, fifty years from now and their high school days will again be as yesterday.

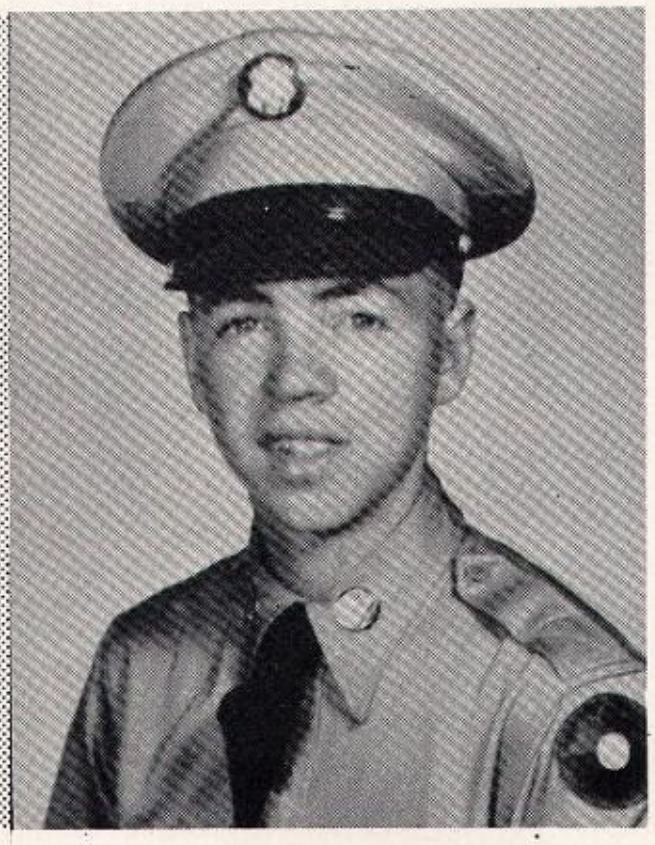
The Keystoner is our effort at preserving the memory of the Class of '54. May you receive as much pleasure from reading it as we have received from producing it.

In Memoriam

The Class of 1954 wishes to pay sincere and heartfelt tribute to two Norwood-Norfolk graduates, Pfc. Donald Gately, Class of '49, and Cpl. Robert Cutler, Class of '50. It is difficult to express how we feel about these boys whose lives were sacrificed for us and for their country. Because we realize fully the inadequacy of anything we might say of Donald Gately and Robert Cutler, we say of them only, "Requiem aeternam dona eis, Domine."



Cpl. Robert Cutler

Cpl. Robert Cutler was born on October 24, 1933. He attended school in Norwood, where he participated in athletics for four years and was a member of the senior play cast in his last year. He was graduated from Norwood-Norfolk Central School in June, 1950.

Cutler joined the army on July 5, 1950 and went to Fort Dix, New Jersey, for his basic training. Later he took a twelve weeks' engineering course at Fort Belvoir, Virginia, before being shipped to Fort Lawton, Washington and thence to Korea.

On May 18, 1951, Cutler was declared missing in action and on December 31, 1953 he was declared dead. Cutler received the Purple Heart and the Korean Medal, which were awarded to him posthumously.

Pfc. Donald Gately

Pfc. Donald W. Gately was born in Norfolk on May 25, 1931. He attended Norfolk High School where he was active in athletics and where he captained the basketball team during his senior year.

On July 25, 1949, Gately was inducted into the army and went to Fort Dix, New Jersey, for his basic training. He was subsequently transferred to Fort Sill, Oklahoma, and still later was sent to Okinawa. In November of 1950 he left Okinawa for Korea.

Gately was declared missing in action on February 13, 1951, and thereafter he was listed as a prisoner of war by the Chinese until August, 1953, when a telegram came stating that he had escaped from Chinese custody. He was officially declared dead in November, 1953, and was posthumously awarded the Korean Service Medal, the U.N. Medal, and the Bronze Star.

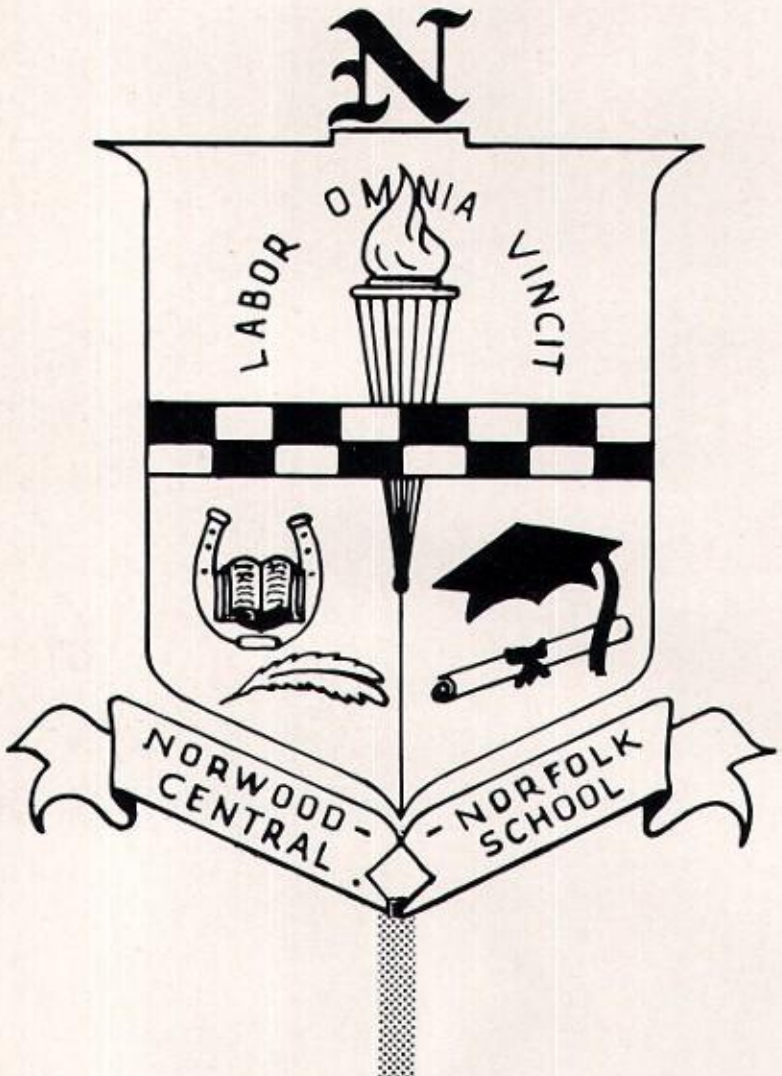
Mr. William Kitney

To Mr. William Kitney, coach and educator in Norwood and Norfolk for twenty-five years, we, the Class of 1954, pay tribute in our *Keystoner*. The twenty-one years that you have spent at Norwood and the four years at Norwood-Norfolk Central represent much more than a quarter century of work well done. Indeed, the loyal service that you have given to the school children and to the people of your community cannot be easily expressed in a few words.

You have worked diligently to instill in us a spirit of sportsmanship and of cooperation while always exhibiting these qualities yourself; you have worked many extra hours helping us to make our extra curricular activities successful; you have been an inspiration to all of us. For these reasons we are honored to be able to pay tribute to you this year.

Administration

"Tell Me Why"



In years to come, as our memories grow dim, may our *Keystoner* remind us of our faculty, teachers and principals, who have all had a part in molding our lives.

BOARD OF EDUCATION

Left to Right:
1st Row: William Salisbury, Mrs. Melissa Carroll—Superintendent; Kinsman Wright—President, Mrs. Blanche Palmer—Clerk, John Lynch.
2nd Row: Howard Hall, Donald Bixby, George Dailey, Kenneth MacDonald, Russell Colbert, Kenyon Jones.

We, the Board of Education, congratulate the Class of 1954 upon the attainment of one of its goals, graduation.

Graduation from high school marks the beginning of a new stage in your life and education. New experiences, new opportunities, and new accomplishments await those of you who strive for them. A full and interesting life lies ahead of you in this modern world of ours.

It is our hope that you will make the most of the advantages that you have had and that each and every one of you will have a full and successful life in whatever field of endeavor you choose.

It has been many years since a graduating class has been able to face a future that appears as bright and filled with opportunity as the one that our graduates face at present.

You, the graduates of 1954, are members of a vast group of young people who have taken the opportunity to better prepare yourselves for the future by completing your secondary education. You have had the many opportunities and advantages of a new building, new courses, and an enriched program.

Larger graduating classes of better prepared students give evidence of the adaptability of the program to the needs and abilities of the students. We are proud to be a part of an educational system that constantly strives to meet the needs of our community.

Graduates of Norwood-Norfolk Central School may take much pride and satisfaction of accomplishment in having successfully completed twelve years of schooling. I hope that many of you will avail yourselves of the opportunities that higher education offers.

I am happy to have this opportunity to congratulate the members of the Class of 1954.

RICHARD W. HANN, *Supervising Principal*

Senior Class of 1954, you have great opportunities before you. You have available to you the facilities of many institutions for further training, if that is what you desire.

If your interest is such that you should seek employment, that also should be available in this area with its expected developments.

Congratulations, Class of 1954, and may you make the most of your individual opportunities.

FRANCIS W. KELLY, *Vice Principal*

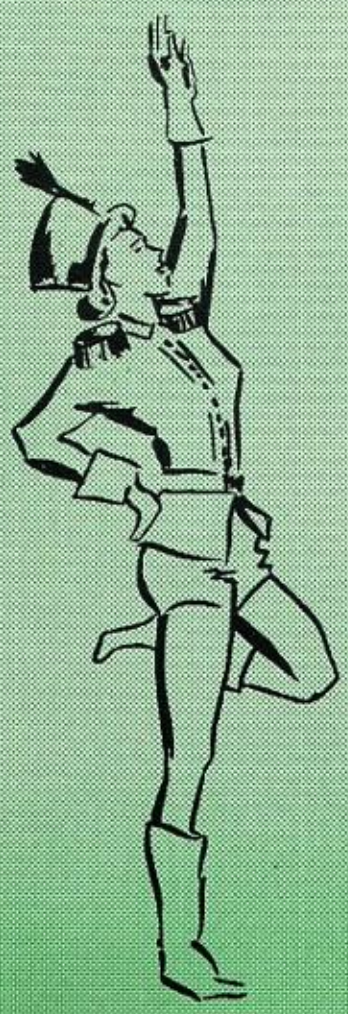
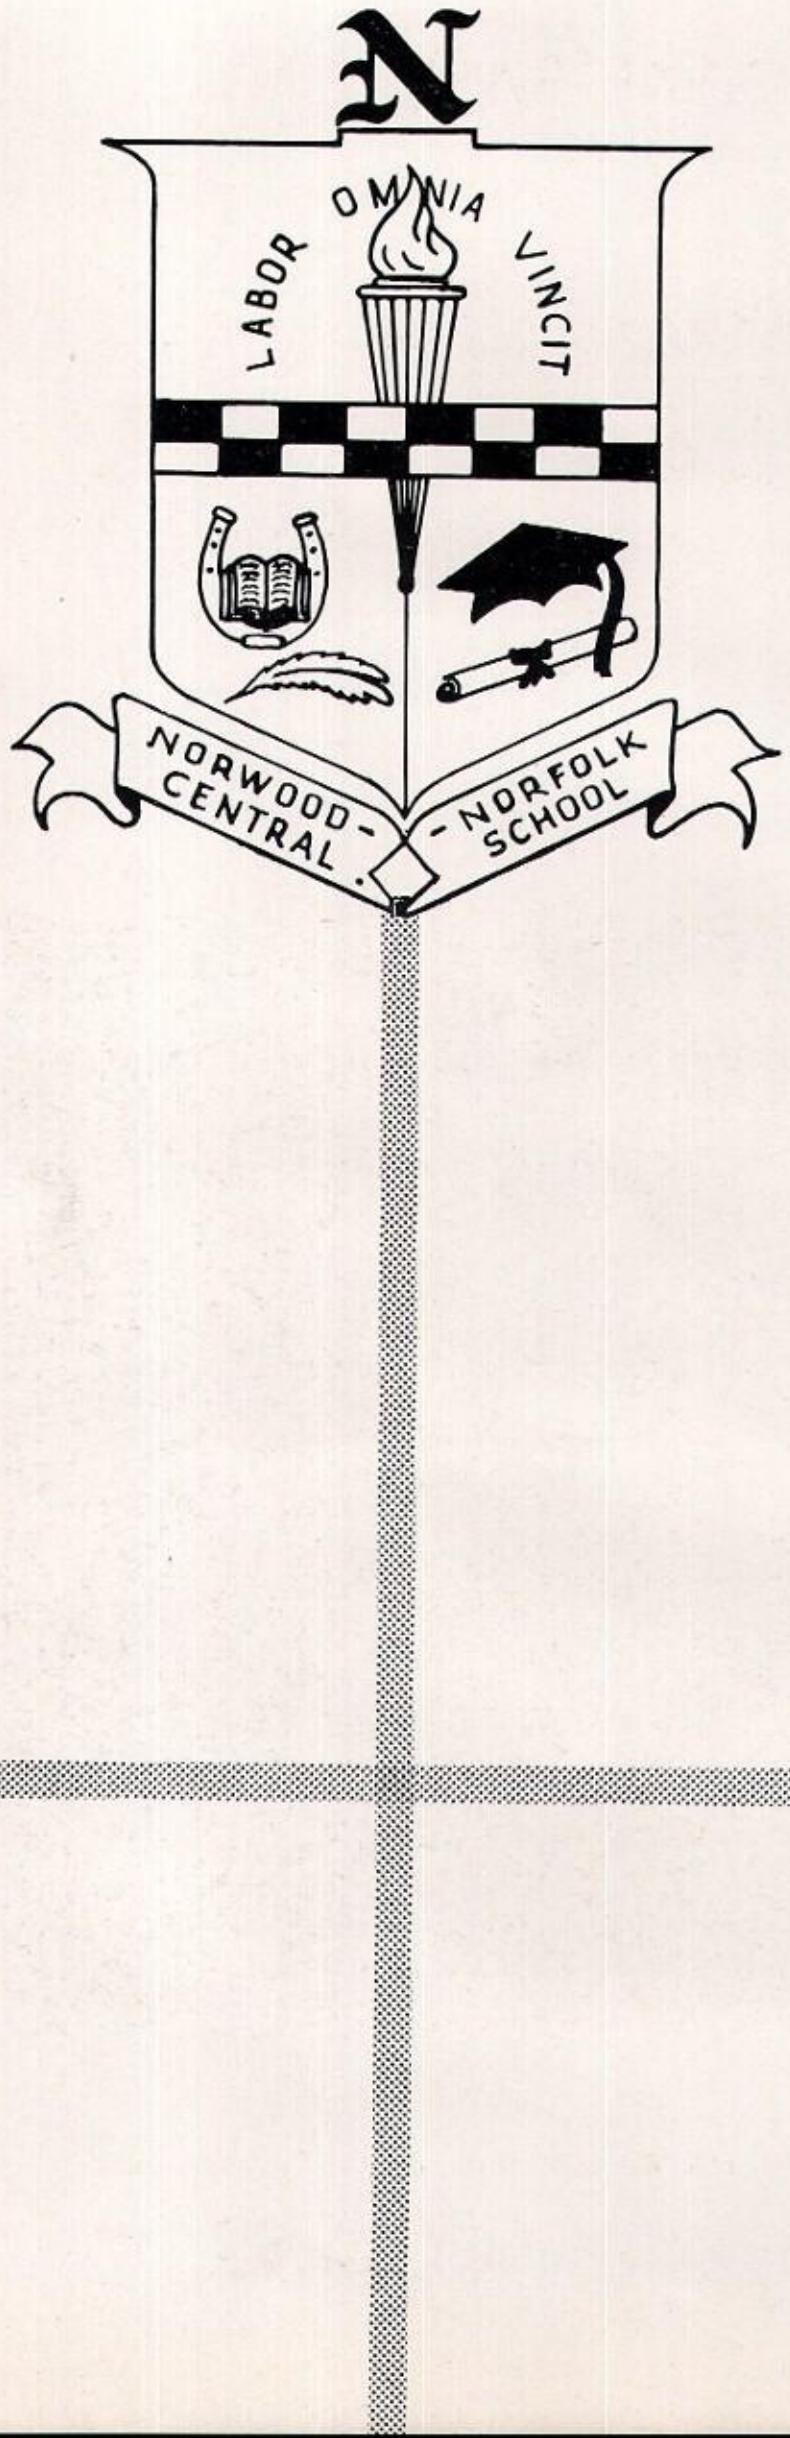
Athletics



"Sports Parade"



We, the Class of '54, have been extremely fortunate in having at our disposal an excellently equipped gymnasium at NNCS. Our physical education teachers have been able to offer a varied sports program during this year with the result that each and every one of us who was interested has been able to find a place for himself in some phase of our athletic program. We can't all be on the varsity, but we have all had the opportunity of participating in sports and of sharing in the rewards that such participation inevitably brings.

Varsity BASKETBALL

Our fifth season of basketball was not a complete success in games won and lost. The team won four and lost twelve games. The greatest handicap was the lack of height. Charles Robare was the team's high scorer with 211 points. Chester Hosmer was next highest scorer with 163 points.

J.V. BASKETBALL

This year's Junior Varsity squad also went through a tough year. The lack of experience proved to be a deciding factor in many games. The fellows showed great spirit and they never gave up until the game was over.

VARSITY HOCKEY

The current hockey season began slowly as the team struggled for its first taste of victory. In league contests, defeats were suffered at the hands of Massena and Fort Covington, along with defeats in non-league contests, to Massena and Potsdam.

The climax of the season came when we entered the Clarkson tournament as an underdog, had to play three games within 20 hours to remain in the tournament, but succeeded in outscoring all three opposing teams, Saranac Lake, Fort Covington and Watertown, by the respective scores of 4-2, 3-1, and 3-2, to win the highly coveted Clarkson trophy.

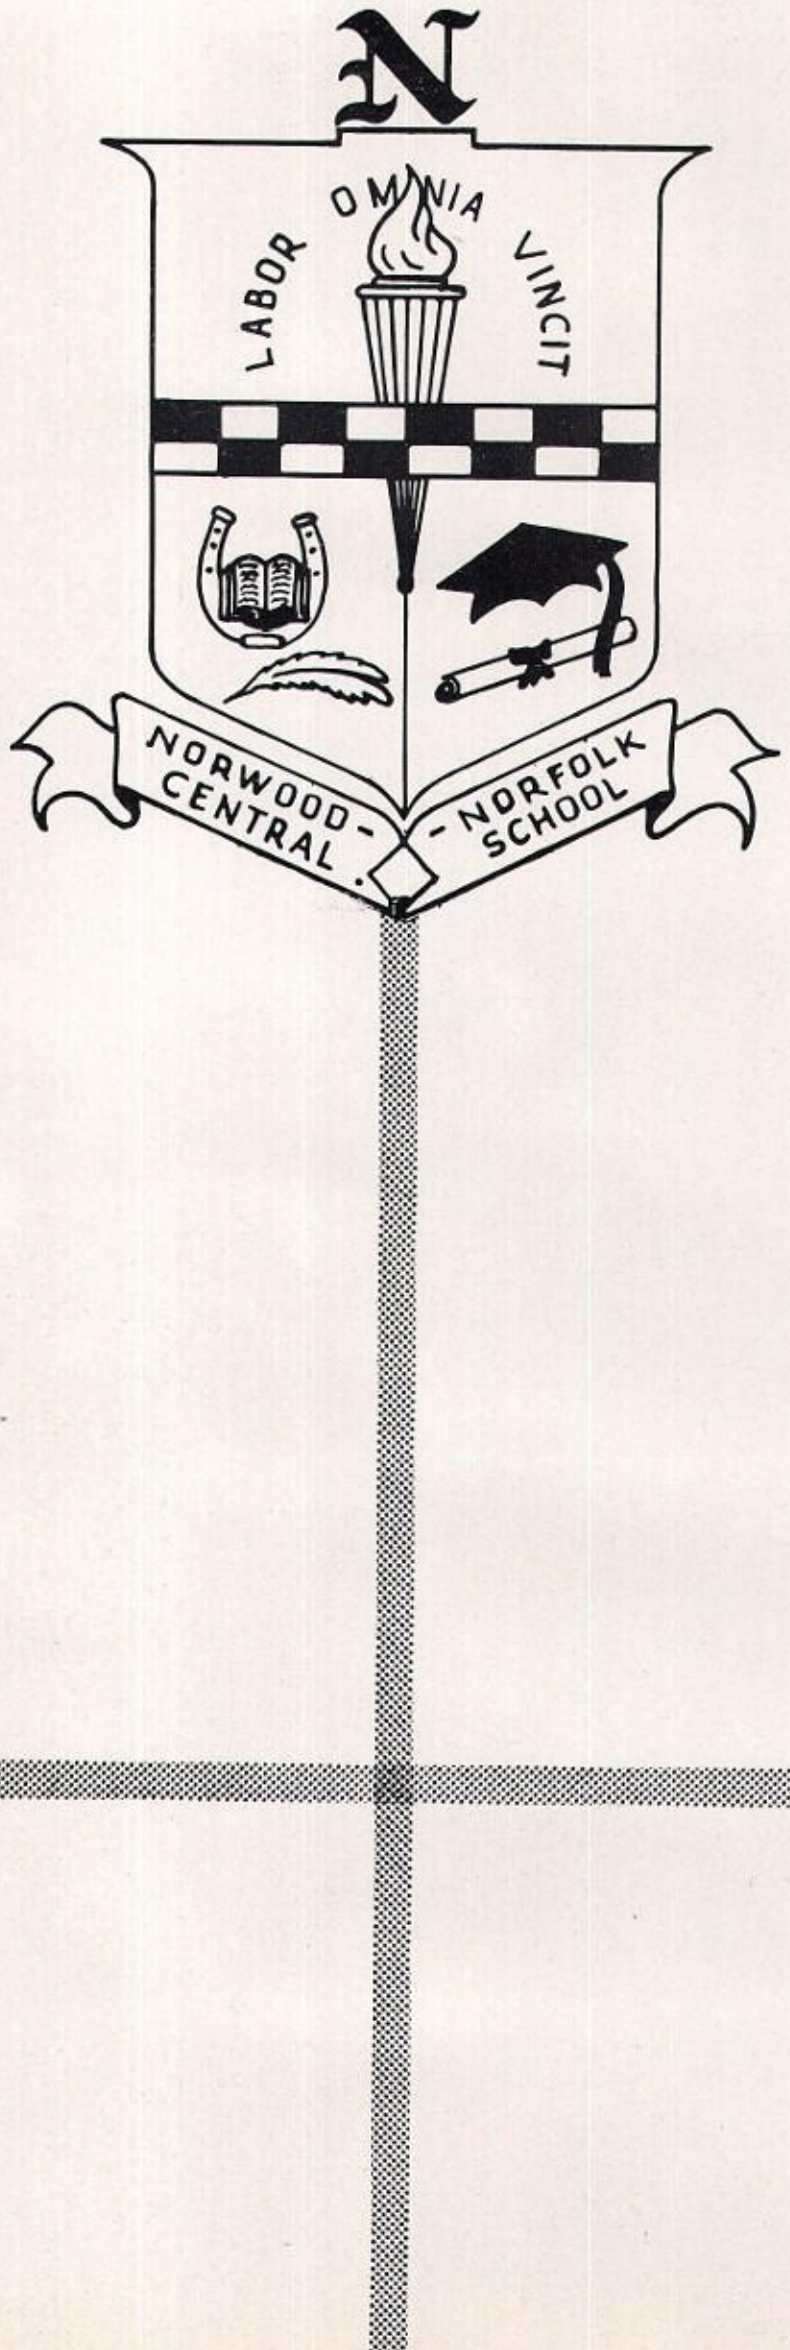
Activities

"Hit Parade"



As we look over the pages of *The Keystoner* devoted to our high school activities, we recognize many members of the Class of '54. We are proud that many of our members were active during their high school careers in so many of the extra curricular activities offered at NNCS. Participation in dramatics, musical activities, class parties, and dances, working on the yearbook—these are just a few of the activities that helped to make our senior year slip by before we were aware of it.

BOARDING HOUSE REACH

For many years now, thirteen-year-old Wilbur Maxwell has wanted a bicycle. He's dreamed of peddling through town, getting fond gazes from the girls, and boastfully shouting, "Look, no hands!" But he still can't persuade Mama and Papa to jar down —to get him one. So, when Pop is called away for a week-long business trip, Mom is persuaded to go with him for sort of a second honeymoon, and the house is left in charge of sisters Connie and Betty Lou, Wilbur gets his idea. He'll make his own money and buy his own bicycle. He'll open up a boarding house right here. Wilbur knows there's a frightful housing shortage, he knows people need places to sleep, and he knows for a whole week he can really clean up and just be rolling in bicycles.

So into the paper goes the ad, and that night the whole Maxwell house is crawling with people. First comes Lucy Burns, a sort of walking encyclopedia; then Mrs. Mott, who never says a word all through the play, just comes in, sits down, gets up, and walks out. Then come Ninety-Volt Jones, a beat-up pug, and his wrestling wife, Ruby; they're followed by Mr. Potter, an insurance salesman; and next come Limpy McGuire and his wife, Nora. Now, every room in the house is full, Wilbur's doing a bang-up business, and then it happens. Mama and Papa Maxwell, at two o'clock the next morning, come dragging home—Papa forgot his brief case.

From there on out, it's one mess after another. Papa has an important business conference the next morning, but he has to sleep on the floor, he can't get in to shave, and he can't even read his own paper. Finally, it's discovered somebody in the house is a bank robber, and poor Papa is mistakenly carted off to the clink. What a mess now! But it's all finally straightened out and Wilbur has his bicycle.
